

**Additional Lecture Evening – 15<sup>th</sup> June 2010.  
EU Interreg IVB Programme :**

CELEBRATING  
**175 YEARS**  
1835-2010  **ENGINEERS  
IRELAND**

## **The Flood Resilient City Project**

The FloodResilientCity Project team (Interreg IVB Programme) & the Office of Public Works is hosting an evening of lectures in **Engineers Ireland, Clyde Road on Tuesday 15<sup>th</sup> June 2010, starting at 18:30 (session will be broadcast on the web).**

The proceedings will be of interest to engineers, planners and architects and are to be opened by:

**Dr. Martin Mansergh, T.D.,**

**Minister of State at the Department of Finance with special responsibility for the OPW.**

**Session Chairman: Tom Leahy, Dublin City Council , FRC Project Director.**

■ **The FloodResilientCity Project,**

Lead Partner's perspective of the FRC transnational collaboration (9 municipal authorities & 2 universities) addressing room for the river and urban flood issues in 8 European Cities.

- Ingwer de Boet, Director, Room for the River Programme, Rijkswater staat , Utrecht

■ **The Mainz Zollhafen Project,**

The proposal by the Stadtwerke Mainz AG to transform one of the largest container ports on the upper Rhine into a flood resilient "Cities on Rivers" flag ship project.

- Cornelia Redeker, Architect & Town Planner, Munich.
- Peter Geiss, Project Manager, Mainz.
- Heinrich Webler, Consulting Engineer, Mainz.

■ **Lent Island & Dike Relocation, Nijmegen**

From the Dutch "Room for the River Programme", the Lent Island project includes flood alleviation proposals to remove hydraulic constriction in the Waal River while providing new flood defences and development and open space.

- Pim Nijssen, Twynstra Gudde Management Consultants. Consultants to the Municipality of Nijmegen.

■ **Developing Strategy & Capacity in the FRC Project,**

Linking outputs from the FRC project with the Scottish Government 4A's Flood Risk Management model.

- John Blanksby , Pennine Water Group, University of Sheffield.

■ **The Dublin FRC programme.**

Dublin City Council's pluvial flood risk assessment & management project including pluvial flood risk mapping; assessment and resilience measures.

- Tony Maguire, Dublin City Council
